moving forward

Altona, Carman, Emerson, Gretna, Plum Coulee and Winkler branches of Access Credit Union will be moving to a new banking system in the fall of 2010. Our other 6 branches are already on the new banking system. The changes that we are making are necessary since all credit unions have been required to upgrade prior to the end of 2010. We are determined to make these changes with as little inconvenience to members as possible.

System conversion weekend is scheduled for November 12, 2010. There will be more updates to follow in our fall newsletter, on member statements, and in newspaper advertising.
