Innovation and Education Earns Access Manitoba's Top Employer

Southern MB – For four straight years, Access Credit Union has been named as a Top Employer in Manitoba, recognizing its commitment to innovation and education for its staff across Southern Manitoba.

Entering its 12th year, Manitoba's Top Employers is an annual competition organized by the editors of Canada's Top 100 Employers recognizing companies that met benchmarks for an extraordinary workplace including the working conditions, stability, benefits, flexibility, community involvement and the ability to further each individual's career as it suits their aspirations while balancing their life goals. Highlighting the experience of Access employees also reinforces the opportunities available for Manitobans interested in maintaining a great work-life balance outside of the urban center of Winnipeg.

"Our commitment to education and development and creating an innovative organization is a large part of the attraction to working at Access" says Larry Davey, President and CEO of Access Credit Union. "We want to be the leading provider of financial services in Southern Manitoba, and that requires employees that are well equipped to meet that challenge. Our efforts to reduce those barriers to success are reflected in our recognition as a top employer."

Access continually strives to provide a workplace of choice in Southern Manitoba, seeing and meeting the demands of a changing workforce that includes a greater focus on personalized member service and innovative technologies. Through the hard work and dedication of staff, this continued provincial recognition strengthens Access Credit Union's position as a great place to work. As the only full-service financial services company recognized four years in a row, Access is looking forward to building on this success to create an even more engaged workplace in 2018.
