Investing in People Nets Access its 5th Straight Manitoba Top Employer Award

Southern MB – Investing in technology and culture has resulted in Access Credit Union again being awarded a Top Employer in Manitoba award for the fifth year in a row.

Entering its 13th year, Manitoba's Top Employers is an annual competition organized by the editors of Canada's Top 100 Employers recognizing companies that met benchmarks for an extraordinary workplace including the working conditions, stability, benefits, flexibility, community involvement and the ability to further each individual's career as it suits their aspirations while balancing their life goals. Highlighting the development and engagement of Access employees reinforces the opportunities available for Manitobans interested in maintaining a great work-life balance outside of the urban center of Winnipeg.

"When we talk about our people, we know we couldn't be a top employer without all of the strong people we have working for us," President and CEO Larry Davey says. "We celebrate them and we really appreciate that our people are always working to improve on and provide the best expertise and advice they can to all of our members."

Access continually strives to provide a workplace of choice in Southern Manitoba, seeing and meeting the demands of a changing workforce that includes a greater focus on personalized member service and innovative technologies. Through the hard work and dedication of staff, this continued provincial recognition strengthens Access Credit Union's position as a great place to work. As the only full-service financial services company recognized five years in a row, Access is looking forward to building on this success to create an even more engaged workplace in 2019.
